## ON YOUNG PEOPLES' WORK.

Realizing the need of young christian workers in our churches, we recommend the constant use of the Bible and our church literature, in order to be useful in the church and in the salvation of souls.

Also we recommend Paul's advice to shun the very appearance of evil and be not conformed to this world but be transformed by the renewing of the mind.

We heartily endorse the work and efforts made on the part of our young people of the King's Children societies throughout the brotherhood, and we would earnestly urge the ministers to aid in organizing a King's Children society in their respective churches. Also, we urge the pastors to organize Junior classes and aid the young people in all of the Lord's work.
